

Overview of Reports

As part of your plan's move to the Ascensus recordkeeping platform, there are some updates to the plan reports that will be available to you. Use this document for information on reports that are now available in two locations:

NEW For transactional-related reports, go to the **Plan Administration** area on your plan website, under **Run a New Report**. These reports are new, and some have been combined to streamline the information.

- For informational and summary-related reports, as previously available, go to your **Dashboard**, under **Reports**.

Plan Administration Reports

Report Name	Report Name (new)	Description of Report
Beneficiary Report		
Beneficiary Elections Report	Beneficiary Designations Report	Reports all beneficiary designations and includes current account balances. Missing designations are indicated by a blank.
Contribution Reports		
Contribution by Source and Contribution by Source with Loans	Participant Payroll Detail	Details by payroll date each participant's contributions and loan payments by money type for all payrolls within the selected date range.
Core Reports		
Participant Statement Opt Out	Participant Statement Delivery Method	Lists the plan statement delivery method for each participant. The results can be filtered by the participant status selected when running the report. Participants with an effective date listed receive electronic participant statements as of that date.
Payroll Tracking Report	N/A	Information is available via the Track Contributions screen as part of the contributions process.
Census Data by Date Range - Excel	Year End Data	Details census information, total contributions, and compensation data for employees based on payrolls with request dates within the selected range.
Fund Balance Summary with Models	N/A	<i>Please contact Client Services for a breakdown of plan assets including models.</i>

Report Name	Report Name (new)	Description of Report
Deferral Reports		
Current Participant Contribution Election	Participant Demographics and Balances	Provides demographic and balance information by participant and includes the contribution rate by money type.
Participant Contribution Change Request	Deferral Changes	Includes all participants who have changed their deferral rate for the selected date range.
Distribution Reports		
Participant Distribution Requests	Distribution Detail Report	Details distribution and tax information by participant, including information commonly found on the IRS Form 1099-R, for the selected date range.
Distribution Checks Report	N/A	<i>Please contact Client Services if you need additional details that are not provided on a distribution in the Distribution Detail Report.</i>
Eligibility Report		
Projected Eligibility Report	Participant Demographics and Balances	Includes eligibility dates and can be filtered for future dates.
Enrollment Report		
Enrollment Event Participant Contribution Election	Deferral Changes	Includes all participants who have changed their deferral rate for the selected date range. If additional information is needed, please contact Client Services.
Managed Account Reports		
Managed Account Participant Subscription and Managed Account Participant Utilization	N/A	<i>Please contact Client Services for a list of all participants who are or have been subscribed to a managed account within a plan including information regarding each participant's demographics and status, deferral amounts/percentages, investment elections, and balances.</i>
Loan Reporting has been consolidated into the two reports listed below within the Plan Administration Reports.		
N/A	Loan Activity	Reports participant loan details and activity for all participants with loans during the selected date range including beginning balance, repayment interest, repayment principal, loan distributed, ending balance, loan number, original loan, grant date, interest rate, repay start date, pay frequency, repay end date, and repay months.
N/A	Loan Requests	Details loan information for all participants who have requested a loan for the selected date range.

Dashboard Reports

The reports listed below will continue to be available under **Reports** on the **Dashboard**.

Report Name	Description of Data Included in the Report

Source Activity	Tabular display of plan activity for each source. Columns will display in dollar values only. Optionally, this report can display combined plans, funds, units, and divisions.

Quarterly Sponsor Valuation Package

In addition to the above updates, there will be updates to your quarterly valuation package, which may consist of Plan Administration and Dashboard reports. If the quarterly valuation package includes Plan Administration reports, these reports will be scheduled and delivered to your **Reports Inbox**. If the quarterly valuation package includes Dashboard reports, these reports will be scheduled and delivered to the **Shared Repository**.

The following reports will not be available after the transition. You will be updated as the replacement reports become available.
